BROTHER AND SISTER MEET AFTER 21 YEARS.

Reunited after a separation of twenty-one years, Mrs. Jno. Koontz, of Paris, and her brother, T. E. Angell, met last week at the latter's home, in Indianapolis, Indiana. The reunion brought to light a touching story of years of endeavor on the part of Mrs. Koontz to locate her brother, and similar efforts on his part. The children became separated through the death of their parents over twenty-one years ago.

At the time of the parents' death the family comprised three children, all of a tender age. One of the children died a short time following his parents' death. The other boy was placed in the Ophians' Home at Louisville, and afterward transferred to the Home at Omaha, Nebraska. Young Angell was taken into the family of J. J. Gregory, at Indianapolis, Neb., as an adopted son, and was given a good home and educational advantages. All trace of his sister had been lost by him. As he grew into manhood, memories of childhood days came trooping back to him, and he became desirous of locating his relatives. In this he was given every assistance by Mr. Gregory, who finally related the story of his (Angell's) adoption into the family. In the meantime Mrs. Koontz had started a train of inquiries into circumstances attending the breaking up of their childhood ties, faint remembrances of her brothers lingering in her mind. After years of endeavor Mrs. Koontz by the merest chance came into possession of one of her brother's letters, and a correspondence ensued. These letters firmly established their relations as brother and sister beyond doubt.

Mrs. Koontz having cleared up the doubts surrounding the whereabouts of her brother, left immediately for Indianapolis, where an affecting reunion was held. In a telegram Saturday to relatives in Paris, Mrs. Koontz said the reunion was one of the happiest moments of her life.

PARIS COMMERCIAL CLUB STARTS MEMBERSHIP DRIVE.

The soliciting teams for the "membership drive" of the Paris Commercial Club were as busy as the proverbial time-honored busy bees on the streets yesterday, securing membership of business men in the organization. The drive started with enthusiasm early in the morning and closed in the afternoon with more enthusiasm and several hundred names added to the roster.

Preparatory to the work of campaigning the Club had a largely-attended meeting at the court house Tuesday night, at which campaign teams were appointed and other business transacted. The meeting was presided over by President Jno. T. Collins. Mr. Charles F. Dunn, secretary of the Lexington Board of Commerce, prefaced the business meeting with an address in which he outlined in detail the procedure necessary to secure good results for the Club. President Collins responded with a short address, in which he thanked Mr. Dunn for his services, and made the prediction that such co-operation as he had given would tend to the ultimate success of the local organization.

M. Peale Collier and Henry A. Power were selected as "Generals" to marshal the working forces in the campaign. The "Generals" each selected four captains, who, in turn, selected three workers, as follows: By "General" Power—Edward H. Gorey, captain, J. S. Wilson, John M. Stuert, Harry Baldwin; N. Ford Brent, captain, Judge George Batterton, Garrett S. Jefferson, Buckner Woodford; Pearce Paton, captain, D. C. Parrish, J. T. Tucker, Dr. L. Oberdorfer; J. Walter Payne, captain, Wm. O. Hinton, Rudolph Davis, M. J. Lavin. By "General" Collier—Wm. G. McClintock, captain, A. B. Hancock, W. S. Haggard, Jas. M. O'Brien; W. V. Shaw, captain, B. M. Renick, Judge Denis Dunton, Mayor E. B. Jannuary; Bernard Santen, captain, R. F. Cleden, Clarence K. Thomas, Oscar T. Hinton; John F. Davis, captain, Geo. W. Wilder, W. R. Blakemore, Geo. W. Stuart.

Before the meeting adjourned voluntary subscriptions totalling \$855 were received from a number of business men whose names will appear in the list of members. The subscription cards are to run for a period of three years, the membership being divided into three classes: A, \$50; B, \$25; C, \$12.50. Death or removal from the city removes this obligation.

The committees met at the court house yesterday morning and were given "ammunition" and instructions, starting on their canvass immediately. At noon they were given a luncheon at the Y. M. C. A. Cafeteria, when they compared notes of the progress made in the campaign.

At the conference of teams and workers at the Y. M. C. A., after all had submitted reports, it was shown that a total of 143 names had been added to the membership of the Club, representing a total of \$2,788, of which amount \$2,185 was collected in cash, the remainder to be collected. It developed during the conference that many of those called on by the team workers were out of town. It is likely that these will be added to the list later on. The "Generals" had set the goal in the drive at one hundred and fifty, and yesterday's work was very satisfactory to them.

There were a number of refusals to take membership in the new organization, one captain reporting four on his list, some giving personal reasons, others for reasons which they alone considered satisfactory. The workers regret these refusals, as it is the desire to get every business man in Paris into the membership. Secretary Dunn, of the Lexington Board of Trade, complimented the Paris workers by telling them that this has been one of the best managed campaigns of the kind he had known in the many years of his experience in such work.

The following is a list of the new members who were added to the roster in yesterday's campaign:

R. F. Cleden, B. J. Santen, C. H. Sutherland, Paris Baking Co., Posner Bros., Frank Remington, Paris Book Co., Mrs. Leer Stout, Paris Garage, Drury Bakery, S. Rummans, S. Kress & Co., R. J. IMMIGRATION COMMISSIONER MAKES PERSONAL INSPECTION

As evidencing the earnestness of purpose and thoroughness of detail which characterizes the new Commissioner of Immigration, Mr. Frederick A. Wallis, THE NEWS was told the following story yesterday: Mr. Wallis in his new office, determined to see for himself what was going on in the department in his charge, and accordingly paid a visit to the Immigration Station at Ellis Island, in New York harbor, disguised as an immigrant. Circulating freely among the immigrants in his assumed character, Mr. Wallis was able to study conditions at first hand, and to make notes of abuses, and of reforms needed in the conduct of the Station. He was so well disguised that even the officials under him, with whom he was well acquainted, did not recognize him, and allowed him the freedom of the place. With the information thus gained, Mr. Wallis was placed in a position to institute these reforms needed for the material welfare of the new-comers to our shores.

EXCELLENT BUSINESS OPPORTUNITY.

On account of the ill health of Mr. B. R. Dickerson, senior member of the firm of Dickerson & Son, we are compelled to dispose of our business at 706 Main street, in Paris, Kentucky.

This is one of the very best locations in Paris for a garage, and with our battery service station, repair department, gasoline service, storage of cars, etc., makes it an unusual opportunity for some one to secure a growing and profitable business.

The building, on which we have a lease, is a large and roomy structure, having entrances on both Main and Pleasant streets, and our room, even though it is large, is now practically filled to capacity every day with Gasoline sales equal, (if they do not exceed) that of any other station in Paris.

Persons looking for an opportunity to engage in the garage business in Paris would do well to call on the undersigned, who will take pleasure in detailing the business to interested parties.

SUCCESSFUL SALE.

The sale of personal property, antique furniture, etc., belonging to Mrs. A. D. Blount and Stanhope Wiedemann, recently concluded by Harris, Speakes & Harris, brought the sum of \$20,000. The offerings comprised rare antique furniture, costly china, rugs, bedroom suites, library and parlor furniture. Bidders were present from the surrounding towns and counties. The sale was advertised in several issues of THE NEWS, which helped to attract prospective purchasers.

Ed. Simms has bought the four-year-old French stallion Negofol, which will be shipped to this country with Prince Palatine, which Mr. Simms purchased recently for \$150,000. Negofol is best known as the sire of Hourless. Negofol sired W. K. Vanderbilt's Tchad, which won the French Derby last year, and Juvaigneur, in the Ascot Gold Cup. The price paid for Negofol is not known, though it is known he was sold before, within the past six months, for 600,000 francs. Mr. Simms will have two great stallions in Negofol and Prince Palatine for his Xalapa Farm, near Paris.

John Wilson Townsend, of Grace-land Farm, has sold to Simms a brown yearling colt by Sweep—Blue Ball, by Hastings. This colt is a half-brother to The Blue Duke, a stake winner at two and three years of age. The price was \$5,000.

When Leonard II, won the final race of the first day's meeting at Empire City, Wednesday, he scored also as the fourth juvenile winner for his distinguished sire, Sweep. Leonardo II is a bay colt by Sweep—Etzel Pace, by Troubadour, and was bred by his owner, Edward F. Simms. He won easily by eight lengths, with fourteen juveniles behind him.

THINGS TO WORRY ABOUT

With the bluegrass seed harvested over, and the wheat harvest almost finished, the picnic and camp-meeting season for the colored brother has arrived. A large portion of the money being put into circulation by the farmers in wages to harvest hands eventually finds its way into the hands of picnic and camp-meeting "promoters."

BUSINESS FAILURES

During the past year the number of business failures has been small. In a time when prices are raising, there are not usually many failures. The more reckless a man is the more money he makes on a rising market. But rises always has to fall, sometime.

When the time of deflation comes, when the banks call the loans, prices start on the down grade, and credit is hard to get, then comes the test. The man who has been working on a shoe string, finds that to move his goods and pay his debts, he must close out stock at such a loss that his business is in an insolvent condition.

Everyone is glad to see prices coming down. But the people should not demand a process of deflation so rapid that a lot of merchants will be made bankrupt. The country was several years climbing up to the peak of inflation, and it will take several years to recede safely from this artificial condition.

Women doctors are increasing so rapidly in England that it is feared they will, in a few years, outnumber the men physicians.

The highest priced automobile twenty years ago was the "Victoria" type, selling from \$2,700 to \$3,200.

STILL TAKING THE JOY OUT OF LIFE.

Jamaica ginger has aroused the ire of the prohibition department since it has been found that it has been giving a "kick" comparing favorably with the one derived from other beverages when John Barleycorn was numbered among those present.

Complaints have been made that ginger is being used as a beverage, James H. Combs, State prohibition director, said Wednesday. Director Combs stated that the sale of Jamaica ginger for beverage purposes was just as unlawful as the sale of liquor and that prosecutions would be made in flagrant cases.

"Even in cases in which the probable use as a beverage may be reasonably deduced, the druggist or other person selling Jamaica ginger lays himself liable to prosecution," Director Combs said. The sales of Jamaica ginger are being investigated by members of the force of Director Combs and any violations of the law will be prosecuted, it was said.

BUMPER TRUCK CROPS BRING HIGHER PRICES.

Shipments of truck crops and fruits thus far this season have been well in excess of 300,000 cars and have reached almost exactly the same total for the corresponding period last year, it was announced by the Department of Agriculture.

Owing to the good demand, the department said, prices on almost everything except onions have been high this season.

Potato prices are slowly working downward, but still are twice as high as a year ago.

Tomato shipments are heavier than last year at this time.

Peaches still are coming mostly from Georgia and prices are slightly greater than they were at this season last year.

In these days of uncertain values and the high cost of clothing, the owner of real sure-enough clothes may consider himself fortunate. John T. Hedges, of Paris, is one of the fortunate ones. Mr. Hedges is the proud possessor of a pair of homespun linen trousers, made by his mother for his father, sixty years ago. The material was spun from home grown flax on an old time spinning wheel by Mrs. Hedges, the thread also being made from the same material. The trousers are as good to-day as they were when they came from the hands of the maker, sixty years ago, and are highly prized by Mr. Hedges.

Redmon and Chief Clerk Will Stone.

THINGS TO WORRY ABOUT

A Paris business man suggests to THE NEWS that the Paris Ice Co. should establish uptown and downtown ice stations, from which deliveries of the frozen luxury could be made more easily and quickly. He made the point that while one section of the town is being served with ice, other sections were on the waiting list, and that by establishing these stations customers in all parts of the city could be served at the same time. The ice company employs motor trucks to supply their routes, and by this means the city could be supplied with greater facility. THE NEWS puts the matter up to Manager Nippert, in the belief that the suggestion is a good one.

AUTO AND TROUSERS DAMAGED BY FIRE.

When an auto belonging to Miss Ida Arkle caught fire in an unaccountable manner in front of the R. C. Ruggles Motor Co.'s garage, it also caused other troubles for which leaking gasoline was responsible.

In trying to extinguish the flames which badly damaged the machine, Mr. Ruggles slipped and fell into a pool of gasoline on the street. Flames from the burning machine ignited the gasoline, which, in turn, communicated to the seat of Mr. Ruggles' trousers. The fire was extinguished by Mr. Ruggles doing a Marathon slide through the dust for several yards. The trousers were ruined.

WIFE IS LIKE A NEW PERSON NOW

Kentucky Farmer Says Nothing Helped Her Until She Took Tanlac—Suffered 20 Years.

Remarkable indeed was the statement made by W. T. Walker, a prominent farmer, living at Shepherdsville, Ky., R. F. D. No. 2, while in Louisville a few days ago.

Mr. Walker declared that three bottles of Tanlac has done his wife more good than all the other medicines she has taken in twenty years put together.

"For twenty years," said Mr. Walker, "my wife had been unable to eat anything without suffering terribly with indigestion. She had such violent cramping pains in her stomach at times that she could not straighten up; she was constipated all the time and often got so dizzy she would nearly fall. She had no strength and her nerves were so shattered that she could hardly sleep at all.

"Nothing ever helped her until she got Tanlac and that's saying a good deal, for she tried everything. Tanlac helped her right from the start, and while she has just finished her third bottle she is already like a different person. Her stomach is in such fine condition now she can even eat pork or anything else and never has a pain or an uncomfortable feeling afterwards. She is no longer constipated and never has a dizzy spell, and her nerves have quieted down until she sleeps just like a child every night. Tanlac is bound to be a fine medicine to do what it has for my wife after she had suffered so long, and I will recommend it to anybody."

Tanlac is sold in Paris at People's Pharmacy. (adv)

CLIMBING PIKE'S PEAK RE-STORE'S DORSEY'S HEARING

While enroute to his home in Cascade from Portland, Oregon, where he had been attending the National Shriners' convention, W. I. Dorsey, coal and lumber merchant, went with a party up on Pike's Peak. Mr. Dorsey has been deaf for a number of years and while descending the heights he discovered that his sense of hearing had returned and since that time has been able to hear as clearly as he ever did.

Handicapped by Height.

As a rule very tall persons are said to be over-sensitive about their height to such a degree that it often proves a handicap in the way of their success in life. A notable instance of this character was the nine-foot giant of Russia, Machnow, who made a fine living by exhibiting himself, yet he was the most miserable person on account of his height.

Rosy Cheeks & Satin Skin

Because of her rosy cheeks and satin skin a woman attracts the admiration of all men. When the

young woman peers in her glass, she may see pimples and blotches and she immediately goes to the drug store for paint, powders and beauty creams, when she should go there for a blood medicine and stomach alterative known as "Golden Medical Discovery."

This vegetable tonic and blood alterative clears the skin, beautifies it, increases the blood supply and the circulation, while pimples, boils and eruptions vanish quickly. Ask your nearest druggist for Dr. Pierce's Golden Medical Discovery in tablet or liquid form or send 10c. for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

Gas for Balloons.
Hydrogen is the gas most commonly used for balloons. It requires about 1,250 cubic feet to lift a balloon weighing 100 pounds. Coal gas is sometimes used, as it is cheaper, but is not entirely satisfactory because of its great heaviness.

Simply Worn Out

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength. Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcer and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before, and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."—Mrs. H. Kornig, 617 Ellis Blvd., Cedar Rapids, Iowa.

MATRIMONIAL.

HARNEY—TAYLOR.

Mr. Jos. H. Taylor and Miss Alberta Harney, both of Cynthiana, came to Paris, Wednesday evening, and were married here. The bride is a daughter of Mr. and Mrs. A. B. Harney, and is one of the loveliest young girls of Cynthiana. Mr. Taylor is a son of Mr. and Mrs. Jos. L. Taylor, and is employed at the Brown Garage, in Cynthiana. Both are prominently related in Cynthiana and Harrison county. They returned to Cynthiana, where they were showered with congratulations and good wishes. The wedding came as a pleasant surprise to most of their friends.

HOPKINS—BAKER.

Though the bride-elect had but fourteen tender years to her credit, and the groom-to-be had reached the age of twenty, Miss Dora Hopkins and Frank Baker, both of near Shawhan, secured a marriage license Tuesday from County Clerk Pearce Paton, and were married by County Judge George Batterton in his private office in the court house.

When the accommodating Clerk politely suggested a possibility of refusal, on account of the too-youthful appearance of the would-be bride, she blushingly turned her back and from the depths of somewhere, produced a document signed by her father, Robert Hopkins, giving the parental consent. After seeing the sights of Paris the newly-weds returned to the home of the groom, near Shawhan.

LISLE—SENTER.

The marriage of Miss Mildred Lisle, of near Paris, to Wm. D. Senter, of Bristol, Va., and Hazard, Ky., was quietly solemnized Tuesday afternoon at the home of the bride's sister, Mrs. White Varden, on Vine street. Rev. W. E. Ellis, pastor of the Paris Christian church, officiated. Only members of the immediate family and a few intimate friends of the bride and groom were present to witness the ceremony.

The bride is one of the most attractive and highly accomplished young women of the county, and is a daughter of Mr. and Mrs. D. C. Lisle, residing near Paris. The groom is a successful young business man of Bristol, and has for some time been located in business at Hazard, Ky.

After the ceremony Mr. and Mrs. Senter left for a wedding tour to points of interest in the East, followed by the congratulations and good wishes of friends and relatives. On their return they will reside in Hazard.

The only attendant was little Miss Mildred Varden, in white organdie and pink ribbons, who officiated as flower girl. The bride looked charming in white organdie and carried a bouquet of bride's roses. Among the wedding guests were Mr. and Mrs. Rufus Lisle, W. T. Winn, James F. Winn and Misses Elizabeth and Nell Bush, of Winchester.

MEADE—HORNBACK

As the result of a joy-ride with a party of friends, during which they were bantered with suggestions to get married, Miss Zuma Meade, aged eighteen, and Mr. Milton Hornback, aged twenty, both of Paris, motored to Cynthiana, and were married.

The young people had been sweethearts for some time, but the date of their marriage had never been finally settled upon. A few nights ago while riding with Miss Bessie King and Walter Williams, both of Paris, they made a trip to Cynthiana. On arriving there their companions suggested that the young couple be married, but this met with only a faint approval by Miss Meade. Leaving the party ostensibly for the purpose of obtaining refreshments for them, Mr. Williams soon returned bringing with him a marriage license and Rev. Struve. The ceremony was performed, and the party returned to Paris. The next day the bride and her mother left for Muncie, Ind., Mrs. Meade not knowing that her daughter had been married.

The bride is a daughter of Mr. and Mrs. Henry Meade, of South Main street, and is a very attractive young woman. Mr. Hornback is an auto machinist, well-known and very popular among his friends and associates.

The main street of Zion City, Ill., is covered with deep sand to prevent automobile speeders from annoying the town.

MAKING BOONESBORO SAFE FOR BATHERS.

Special guards and danger notices are to be established at Boonesboro Beach, and every effort is to be made for the safety of the bathers. Government employees, who have cautioned many visitors about going beyond the danger zone, are prepared to cause arrests, if there is further infringement upon the property of the government. It is not that they are not welcome, except in the sense that it is very dangerous. Since the advent of hot weather, visitors at the resort have become more numerous, and many picnic parties are camped there daily.

TAX COMMISSIONER'S NOTICE.

Wishing to correct a mistaken idea that seems to be current relative to the law governing listing of taxes, we wish to notify the public that the law is the same as last year, and it is each one's duty to report in person, if possible, at our office in basement of Court House. You will kindly note this and call at your earliest convenience.
